Important Information and Forward-Looking Statements

This Form 8-K and the information furnished herewith include statements that may constitute “forward-looking statements” within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Words such as “estimate,” “project,” “plan,” “believe,” “anticipate,” “intend,” “planned,” “potential” and similar expressions, or future or conditional verbs such as “will,” “should,” “would,” “could,” and “may,” or the negative of those expressions or verbs, identify forward-looking statements. We caution readers that these statements are not guarantees of future performance. Forward-looking statements are not historical facts but instead represent only our beliefs regarding future events, which may by their nature be inherently uncertain and some of which may be outside our control. These statements may relate to plans and objectives with respect to the future, among other things which may change. We are alerting you to the possibility that our actual results may differ, possibly materially, from the expected objectives or anticipated results that may be suggested, expressed or implied by these forward-looking statements. Important factors that could cause our results to differ, possibly materially, from those indicated in the forward-looking statements include, among others, those discussed under “Risk Factors” in our most recent SEC filed quarterly or annual report.

Any or all of management’s forward-looking statements here or in other publications may turn out to be incorrect and are based on management’s current belief or opinions. Ambac’s actual results may vary materially, and there are no guarantees about the performance of Ambac’s securities. Among events, risks, uncertainties or factors that could cause actual results to differ materially are: (1) the highly speculative nature of Ambac’s common stock and volatility in the price of Ambac’s common stock; (2) uncertainty concerning the Company’s ability to achieve value for holders of its securities, whether from Ambac Assurance Corporation (“Ambac Assurance”) or from transactions or opportunities apart from Ambac Assurance; (3) adverse effects on Ambac’s share price resulting from future offerings of debt or equity securities that rank senior to Ambac’s common stock; (4) potential of rehabilitation proceedings against Ambac Assurance; (5) dilution of current shareholder value or adverse effects on Ambac’s share price resulting from the issuance of additional shares of common stock; (6) inadequacy of reserves established for losses and loss expenses and possibility that changes in loss reserves may result in further volatility of earnings or financial results; (7) decisions made by Ambac Assurance’s primary insurance regulator for the benefit of policyholders that may result in material adverse consequences for holders of the Company’s securities or holders of securities issued or insured by Ambac Assurance; (8) increased fiscal stress experienced by issuers of public finance obligations or an increased incidence of Chapter 9 filings or other restructuring proceedings by public finance issuers; (9) failure to recover claims paid on Puerto Rico exposures or incurrence of losses in amounts higher than expected; (10) the Company’s inability to realize the expected recoveries included in its financial statements; (11)

(14) credit risks related to large single risks, risk concentrations and correlated risks; (15) concentration and essentiality risk in connection with Military Housing insured debt; (16) the risk that the Company's risk management policies and practices do not anticipate certain risks and/or the magnitude of potential for loss; (17) risks associated with adverse selection as the Company's insured portfolio runs off; (18) adverse effects on operating results or the Company's financial position resulting from measures taken to reduce risks in its insured portfolio; (19) intercompany disputes or disputes with Ambac Assurance's primary insurance regulator; (20) our inability to mitigate or remediate losses, commute or reduce insured exposures or achieve recoveries or investment objectives, or the failure of any transaction intended to accomplish one or more of these objectives to deliver anticipated results; (21) the Company's substantial indebtedness could adversely affect its financial condition and operating flexibility; (22) the Company may not be able to obtain financing or raise capital on acceptable terms or at all due to its substantial indebtedness and financial condition; (23) the Company may not be able to generate the significant amount of cash needed to service its debt and financial obligations, and may not be able to refinance its indebtedness; (24) restrictive covenants in agreements and instruments may impair the Company's ability to pursue or achieve its business strategies; (25) loss of control rights in transactions for which we provide insurance due to a finding that Ambac Assurance has defaulted, whether due to the Segregated Account rehabilitation proceedings or otherwise; (26) the Company's results of operation may be adversely affected by events or circumstances that result in the accelerated amortization of the Company's insurance intangible asset; (27) adverse tax consequences or other costs resulting from the Segregated Account rehabilitation plan, or from the characterization of the Company's surplus notes or other obligations as equity; (42) changes in accounting principles or practices that may impact the Company's reported financial results; (43) legislative and regulatory developments, including intervention by regulatory authorities; (44) the economic impact of "Brexit" may have an adverse effect on the Company's insured international portfolio and the value of its foreign investments, both of which primarily reside with its subsidiary Ambac UK; (45) operational risks, including with respect to internal processes, risk and investment models, systems and employees, and failures in services or products provided by third parties; (46) the Company's financial position that may prompt departures of key employees and may impact the Company's ability to attract qualified executives and employees; (47) implementation of new tax legislation signed into law on December 22, 2017 (commonly known as the "Tax Cuts and Jobs Act") may have unexpected consequences for the Company and the value of its securities, particularly its common shares; (49) implementation of the Tax Cuts and Jobs Act could have a negative impact on municipal issuers of Ambac-insured bonds; (50) fluctuations in foreign currency exchange rates could adversely impact the insured portfolio in the event of loss reserves or claim payments denominated in a currency other than US dollars and the value of non-US dollar denominated securities in our investment portfolio; and (51) other risks and uncertainties that have not been identified at this time.

AMBAC ANNOUNCES EXECUTION OF COFINA PLAN SUPPORT AGREEMENT

Advances Resolution of COFINA Title III Proceedings

NEW YORK, NY, August, 30, 2018 (GLOBE NEWSWIRE) -- Ambac Financial Group, Inc. (Nasdaq: AMBC) ("Ambac"), a holding company whose subsidiaries, including Ambac Assurance Corporation ("AAC"), provide financial guarantees, announced today that AAC, the Financial Oversight and Management Board for Puerto Rico (the "Oversight Board"), the Puerto Rico Sales Tax Financing Corporation ("COFINA"), Puerto Rico Fiscal Agency and Financial Advisory Authority, Bonistas Del Patio, Inc., other bond insurers, and certain holders of senior and junior COFINA bond claims have executed a Plan Support Agreement (the "COFINA Plan Support Agreement") for the restructuring of all senior and junior COFINA bonds.

AAC insures \$808.5 million of the initial principal amount of Senior COFINA Capital Appreciation Bonds (approximately \$1,325.4 million of accreted value as of, but not including, the May 5, 2017 petition date (the "Petition Date") in the COFINA Title III proceeding). AAC also owns approximately 58% of AAC-insured senior COFINA bonds.

The COFINA Plan Support Agreement furthers the agreement-in-principle announced by the Oversight Board on August 8, 2018. Under the COFINA Plan Support Agreement, the creditor parties agree, among other things, to support the filing of a plan of adjustment with respect to COFINA that provides for a distribution of Plan consideration comprised of new COFINA bonds and cash, with a face amount in the aggregate equal to approximately 93% (plus accrual, as of August 2018) of senior COFINA bond holders' Petition Date claim amounts, without taking into account AAC's insurance policy for the AAC-insured bonds, and a face amount of approximately 56% (plus accrual, as of August 2018) of junior COFINA bond holders' Petition Date claim amounts. The contemplated Plan of Adjustment, once confirmed by the court overseeing COFINA's Title III proceeding, will also finally resolve all COFINA-related litigation and validate the COFINA structure.

Under the COFINA Term Sheet (attached as an exhibit to the COFINA Plan Support Agreement), holders of AAC-insured senior COFINA bonds would have the option to elect to either (i) commute their rights in respect of the AAC insurance policy associated with the existing senior COFINA bonds, which bonds will be cancelled, in exchange for new COFINA bonds, cash amounts to be paid by COFINA, plus additional consideration provided by AAC, or (ii) exchange their senior COFINA bonds for trust certificates issued by a custodial trust, which trust would receive distributions from COFINA under the new COFINA bonds, plus payments under the existing AAC insurance policy in respect of any shortfalls. Payments on the new COFINA bonds deposited in the custodial trust would reduce AAC's obligations on its insurance policy.

The terms of the COFINA Plan of Adjustment and related documentation which will effectuate the contemplated transactions remain subject to negotiation and court approval.

Claude LeBlanc, President and Chief Executive Officer of Ambac commented "While there is a lot of work left to be done, the execution of the COFINA Plan Support Agreement is a definitive step towards a final resolution of Puerto Rico's debt restructuring and we are pleased to be a party to the COFINA Plan Support Agreement. The negotiated settlement of the Commonwealth-COFINA litigations also provides significant value to the Commonwealth through a sharing of the sales tax revenues, and resolution of the

COFINA Title III proceedings will provide clarity regarding one of Ambac's key adversely classified credits."

The COFINA Plan Support Agreement, and related term sheet can be found on Ambac's website under the heading "Information for Investors Regarding COFINA Plan Support Agreement."
